September 25th, 10:13 A.M, Went before the Medical Grievance with 3 female members and a Captain of the Institution Gail- the speaker for the most part, refused to address the issues of my Medical Condition. She said I was getting all of my Medicines and ask me to sign off, I said no because I in fact was not always getting all of my medicines and give her the some explanation I was given from 2 different nurses, (That the Doctor probably ordered the same meds for others, and until "their order came" they (nurses) would take from mine to fill their order). Also that I can't use my leg brace or Prosthetic boots because I was promised back in January and in July that I would go back to the Prosthetic Doctor & the Dermatologist by the end of July and I still have not seen either! I also stated that I saw a specialist that ordered this pain management, only then did she say ok, well look into it, "were done."

## Summary of Meeting

1. Gail-Speaker, you are Ricky Hamby (me) yes I am! Captain; I stand back against the wall Hamby.
2. Gail, you have (2) two Grievance's, you're stating that you're not getting your medication 'jadda jadda jadda', I think you are, will you sign off on this Grievance? I stated no!
3. (me), I stated that I was not always getting all of my medicine and that I would ask any nurse I saw to check because anytime I didn't get my meds, the nurse said "I'll bring it back" but never did, and when I would get the next nurse to check she would come back and tell me I was being marked down as receiving my meds when in fact I wasn't. I continued to ask nurses why this would be happening and 2 different nurses stated that probably the doctor ordered the same meds for a couple of weeks and until that order was filled they would take from mine to give to others! I ask, "if that's the case" why do I get marked down as receiving them when I didn't? Nobody would answer that question with even a make of why it is happening!
4. Gail-Are you getting out next month? I said yes but "I got cut off" Gail-We'll check on it, we're done!
5. (me), before I stepped out I stated that

I was supposed to go to my Prosthetics Doctor to get my boots and leg brace re-adjusted, the order was made and I've never been taken. "and" Scott Altman and the CMS Administrator sent me a letter stating my follow up appointments would be completed by July 31st of 2006, it wasn't!

6. Gail- again, I'll check on it.!!!
7. (me), can I expect to get results any time soon?
8. Gail- Looking at the Captain- "Who's next?"

It is clear to me that this committee has no intention or concern for my health or the care of and my case has purposely, time and time again delayed until after I am released in order not to have to deal with my case medically or financially!

It is so clear that they (CMS personal) knowingly and purposely deny my care that they are obligated to do under state and federal law, their uncaring attitude is not and can not be tolerated. I'll continue with the courts, it's clear the fudge care's where CMS does not.
